

General Statement

In line with the company policy of continued improvement and incorporation of the latest development on electrical construction and safety of our products, we are pleased to issue the following statement with respect to the EEC Directive 93/465/EEC on CE Marking of electrical products.

The insulation system and construction of the Heaters meet the requirements of all the relevant EEC Directives including the Low Voltage Directive (LVD) and the Electromagnetic compatibility Directive (EMC).

To meet these requirements "The Heaters" are produced to meet or exceed the requirements of all the relevant national and international standards.

In line with these directives we have "CE" marked the heaters, this being The Recognised Declaration within the European Economic Area (EEA) of compliance with EEC Directives.

As required by the EEC Directives, 73/23/EEC (LVD) and 89/336/EEC (EMC), the following are held at our Registered Company Office and Main Factory:-

Technical Files,
Design details and drawings,
Construction details and drawings,
Test details,
Third party test reports where applicable.

This product is intended for professional users and operation by competent persons.

I the undersigned, hereby declare that the equipment specified above conforms to the Directive(s) and standard(s)
